Welcome to Tissue World Milan – the World’s Largest Show Exclusively for the Tissue Business

The original Tissue World, which began in Nice in 1993 and held in 2013 and 2015 in Barcelona, is THE BIG ONE: The world’s largest show specifically for the tissue business. It gives tissue makers, converters and suppliers to the tissue making and converting industries a unique experience and opportunity to network, exchange ideas and learn.

A truly global event, the show attracts key tissue industry professionals from 89 countries, gathering to see the latest innovations and learn about technological advancements in tissue manufacturing. Tissue World provides invaluable content and unique networking opportunities for buyers and decision makers.

Updated as of 15 December

Excellent Learning Opportunity

Alongside the trade show, Tissue World Milan will feature a 3-day conference, with the theme "Change is the only constant, but where is the tipping point?" As part of the conference, the Senior Management Symposium (SMS), taking place on 10 April, will examine relevant issues and topics that can be change-drivers for success in the tissue industry.

Senior Management Symposium

Theme: Change is the only constant, but where is the tipping point?

Key topics you will get to access include:

- Economic outlook;
- The circular economy and hygiene products;
- Trendspotting consumer preferences and buying patterns;
- The retailer's viewpoint;
- Managing for sustainable growth;
- Softness of tissue products;
- Developments with the tissue jumbo roll trade today;
- Globalization: how new capacity and trade flows are impacting the tissue business;
- Pulp: 70% of tissue costs, but what's happening in the pulp market

Yankee Operations and Energy Optimisation Session

Yankee Operations Session will take place on 11 April in the morning.

The session will cover the following topics:

- Yankee data management;
- Manufacturing cost and safety;
- Energy optimisation

Technical Sessions

Technical sessions will kick off on 11 April and continue over 12 April to end this intense conference program on Wednesday afternoon.

The technical presentations will be divided over 6 sessions:

- The impact of industry 4.0 In tissue manufacturing;
- Raw materials and fibres: properties, morphology & sustainability;
- Chemicals: improved profitability, strength and softness;
- Improvements & innovations: efficiency enhancing and energy saving technologies;
- Converting: technology, maintenance, spray & lotions;
- Dewatering: improvements and energy savings

EARLY BIRD OFFER: Register by 14 February and save EUR150 per person. Plus receive a free copy of show directory and Tissue World Focus Report: Western Europe.

Tissue World magazine Mill Awards

Organised by Tissue World magazine, in conjunction with Tissue World Milan taking place from 10-12 April 2017, the second edition of the awards seek to celebrate and recognise years of tissue paper production and innovation by mills across Western Europe.

2 categories are open for entry submission:

1. Most Energy-Aware Mill Award
2. Best Tissue Marketing Strategy Award

For more details, visit www.tissueworld.com/milan/awards

Entry submission deadline is 14 February 2017.

Most Sustainable Exhibitor Award

The third edition of Tissue World - 'Most Sustainable Exhibitor Award' will give recognition to the exhibiting company demonstrating measurable commitments towards sustainable practices in booth construction, waste management, transportation, print, collateral, health & safety and community partnerships. Winner will be announced during the Happy Hour on the show floor.

To enter the award, contact us at operations@tissueworld.com.

Entry submission deadline is 15 February 2017.
